"Chapeaux Superieur"

The Appropriate Name for Our

**Trimmed
Hats at-- \$5.00**

Superior in every way—quality, style, and finish to the usual line of Trimmed Hats sold at \$5.00.

The popularity of this line, a popularity that has grown by leaps and bounds each year is "the proof of the pudding."

Each year's success but spurs us on to present even greater values this season. We have thrown down the gauntlet, and the makers have taken up the challenge to produce the finest, most artistic models ever shown in this line for your Easter wear.

Sailors, some of which are trying to slide along under a title that does not belong to them, instead of coming out as picture shapes which they really are; others in demure small styles. The trimmings—everything you could imagine.

The colors, rose, gray, plenty of black, and many white hats with trimmings and facings of pink or blue.
